

Knotless net for aquaculture

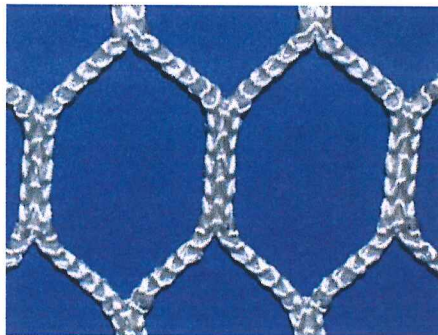

Characteristics:

This net is characterized by:

- Excellent abrasion resistance
- Highest tensile resistance
- Easy cleaning

It's suitable for all types of fish farming cages for deep sea and gulfs.

It's available in hexagonal mesh, in normal "diamond" mesh or in the **special super-knot mesh**.

KNOTLESS NET FOR AQUACULTURE

Type	Counts	Mesh size	Depth	Length
Polyester or Nylon Net	210d/6, 210d/9, 210d/12, 210d/15 up to 210d/400	From 4 mm	Up to 1520 meshes	Upon request
Polyethylen Net	2/020, 2/030, 3/030, 4/030, 5/030, 6/030, 9/030, 12/030	From 4 mm	Up to 980 meshes	Upon request
"Extra-clean" Net	3x4, 6x4, 9x4	From 8 mm	Up to 980 meshes	Upon request
